# 2016 Joint International Symposium of GISUP – KOGSIS

(18<sup>th</sup> GISUP2016, International)

The International Conference(1F), Kangwon National University

18-20 February 2016

Hosted by  Geospatial Information Science and Urban Planning  Korean Society for GeoSpatial Information Science  KANGWON NATIONAL UNIVERSITY

Sponsored by  가톨릭관동대학교 CATHOLIC KWANGDONG UNIVERSITY  인하공업전문대학 INHA TECHNICAL COLLEGE  서울대학교  GEOSTORY  GEOMEXSOFT  SOKKIA

Dear Colleagues,

On behalf of the organizing committee, it gives us a great pleasure to extend warm invitation to you all for the *2016 Joint International Symposium of GISUP-KOGSIS(18<sup>th</sup> GISUP, International)* to be held from 18 to 20 February, 2016 in Kangwon National University located in Chuncheon, Republic of Korea.

The conference is co-organized by Geospatial Information Science and Urban Planning (GISUP) and Korean Society for Geospatial Information System (KOGSIS). From this year universities from Korea, Japan, Taiwan, China and USA are joining the symposium. The symposium aims to bring the scientists working in the field onto a common platform and promote and advance the exciting and rapidly changing field of geospatial and urban planning technologies and applications.

The provincial capital city of Gangwon-do, Chuncheon is a popular tourist destination located in close proximity to Seoul. It is a city with lakes, rivers and surrounding hills. It offers many festivals, river side aquatic sports and activities. Famous foods in Chuncheon include Makguksu and Dakgalbi.

We believe that this workshop will offer be a platform to share knowledge and experience among scholars. Moreover, it will be an excellent opportunity to visit Korea and experience Korean traditional culture at first hand.

We look forward to meeting you for a great experience in Korea.

Prof. In-Tae Yang, Ph.D.  
President, GISUP

Prof. Chang Kyung Lee, PhD  
President, KOGSIS
